OUT ON THE LIMB with George Vierhus

MEETINGS of one sort or another become an occupational hazard for those of us who make a living at newspapering.

If the meetings we have attended as a newspaperman were stretched end to end, they would probably stretch into outer space. We shudder at the very thought.

Once in a while there is a variation in our going-to-meeting schedule that enlivens the proceedings in a red-faced sort of way.

Take for example recently when we barged into a meeting at the city hall.

We rushed in somewhat late, grabbed our chair and then looked around.

We recognized only one soul in the joint, Ken Hickman, the city's superintendent of public works.

-0-

THE OTHERS who filled the council chairs were complete strangers to us.

We mumbled something about being in the wrong pew and hastily made our departure.

We learned later from Ken that we had barged into an oral review board which was interviewing candidates for a public works job.

Maybe we should have stayed. We might have passed the board and been hired.

But we didn't wait around.

-0-

FLOODED is the way to describe the flow of letters this paper has received on the fluoridation question that appears on the ballot in next Tuesday's city election.

But, after all, when one talks about water, flood and flow are compatible terms to use, even in reference to letters.

We have made a determined effort to use as many letters as time and space permitted, both pro and con.

Of course we recognize that many of the letters were part of an organized propaganda campaign. Many of those we received were from people outside the city limits.

The Press has consistently urged that people use the letter-to-the-editor columns, so we have printed as many as possible, even from those who don't live in the area.

But we think it got a wee bit out of hand.

This week we have deliberately limited the number that appear.

-0-

WHILE ON THE SUBJECT of the advisory question on fluoridation, we point out that we are not making any recommendation editorially.

It is not that we are being chicken about it nor is it our desire to straddle the fence.

It is our opinion that the question is so technical, complex and confusing that a weekly newspaper such as this

(Continued on page 2)

Clean-up crusade moves ahead

City outlines plans to remove 'eye-sores'

Eliminating "eye-sores" that detract from the appearance of the city will be one of the main goals of the first annual "Campbell Clean-up Crusade", according to Councilman Ed Rogers, chairman of the City Council beautification committee that is coordinating the program.

City Manager Bob Stephens, who is spearheading the city's part in the project that encompasses the entire town, said that special emphasis is being directed to the Los Gatos Creek area, long a black mark against the city.

The council's beautification committee, on which Mayor Charles Rose and Councilman Bill Smeed serve with Rogers, met last night to approve the crusade plans as outlined by Stephens, who also acts as secretary of the committee. Working with the committee in the crusade are Jim Duffield, Chamber of Commerce manager; Fire Chief George Maxwell and George Vierhus, of The Campbell Press.

In a comprehensive report, Stephens listed the various phases that "Campbell Clean-Up Crusade" hopes to cover during the month.

The city manager said that success of the "3-C" project depended on the support of both individuals and organizations and that a number of industrial firms had already indicated their whole-hearted cooperation in the program. Duffield, of the C. of C., Stephens added, had agreed to head the project in the

Campbell site may play part in bond issue

What improvements should be made to the "temporary" Campbell West Valley College site and whether it should be made a permanent part of the overall campus program will probably be part of the report of the Citizens Advisory Committee to the district trustees.

The trustees at a special meeting last week advised the committee that it would like a study and report on four main items, including the Campbell situation, regarding the proposed bond election.

The Board request came after Leon Poe, advisory committee chairman, sought guidance from the board members as to which areas the Board wished further study and report.

The four main areas upon which board members agreed they need advice are:

1) Advisability of a special election as compared to being placed on the Nov. 8 general election ballot.

(Involved here are two conflicting state ballot propositions, one misworded and misleading, that would require 60 per cent of all of the voters in the district, and another that would require 60 per cent of all those voting.)

2) The funding of a complete campus on the Santa Clara site.

3) Consideration to purchase of a Campbell High School District site, and some improvements on the temporary Campbell site now being used to make it more "liveable in the period of construction and transition.

4) Site improvements and some construction

Area churches mark Holy Week with special devotional services

The Lenten season will come to a prayerful conclusion with Holy Week services in many local churches.

The Congregational Church invites the public to a Maundy Thursday Communion service at 7:30 p.m. when an anniversary celebration of the Lord's Supper will be observed. Dr. Willis L. Goldsmith will officiate.

On Good Friday, at the First Methodist Church, the Congregational Church will join with Emanuel Presbyterian Church and the First Methodist Church in a combined three hour devotion from 12 until 3 p.m. Rev. William H. Gould and Rev. Allan Goozee of the First Methodist Church, Rev. Clifford Alsen of Emanuel Presbyterian and Dr. Willis Goldsmith of the Congregational Church will give the sermons.

The Congregational Church will conduct two services on Easter Sunday at 9:30 and 11 a.m. Dr. Goldsmith's sermon "Resurrection" will be followed with appropriate organ and choral music.

"Why Did He Die?" will be the title of the sermon to be given by Rev. William H. Gould at the First Methodist Church on Easter Sunday morning. There will be three services held at 7:30, 9 and 10:30 a.m.

St. Lawrence Episcopal Church announces a unique Maundy Thursday celebration, the traditional institution of the Lord's Supper. Services will be held at 7:30 p.m. Thursday, April 7, at the table in the social hall, rather than in the Nave proper.

Good Friday services at St. Lawrence will be held from 12 noon through 3 p.m. and will comprise the Stations of the Cross with meditations on the last seven words from 1 p.m. through 3 p.m.

There will be an 8 a.m. celebration of the Eucharist on Easter Sunday, with full choral

(Continued on page 2)

Easter message

REV. H. M. LIECHTY

Each year The Campbell Press invites a local Pastor to bring the message appropriate to the Easter season. This year's message is written by the Rev. Harry M. Liechty, Jr., Pastor of the First Baptist Church of Campbell, 400 Llewellyn Ave.

Rev. Liechty will observe three years as Pastor of the First Baptist Church in September. Under his direction the church has grown and enlarged its facilities.

Formerly of Pacoima, Calif., he is a graduate of Southwestern Baptist Seminary, Fort Worth, Texas. The family is located at 750 Century Drive. The Rev. Liechty is married and has three children.

BY HARRY M. LIECHTY, JR.
Pastor, First Baptist Church of Campbell (Southern)

The resurrection of Jesus Christ is the most important single event in all human history. Most of the civilized world is conscious of the celebration of the fact. The credibility of hoping to live forever is assured by the fact that Jesus lives after death and promises that He will give this same kind of power and life to all who "love his appearing" when he comes back to earth. Those who have made Him Lord after accepting Him as their Saviour, according to the Scriptures, are to be the benefactors of this glorious heritage.

An Irishman once took this line. He was accused of theft. "At least four people have seen you take the article," said the judge. "Sure, your honor," he replied, "they may swear to that, but I can bring you 40 people who will swear that they did not see me take it." There are many who are willing to believe almost anything they read in the guise of education while sentencing the Bible to a limbo of fantasy. Negative testimony has no weight against the evidence of those who actually saw Christ after His resurrection.

Even in the face of this there are still die-hards, pseudo-intellectuals, and out-right atheists who, with their tongues so far into their cheeks they would have to bite them off in order to say anything, announce and even submit this analysis of their own total unawareness of eternal truth, "But who wants to live forever?"

You see, there are some who do not believe they are going to live forever and many more who are not even aware of it. The Bible says, however, that even as Jesus lives so shall we who have trusted Him live with Him forever. It also states that the unbeliever will also live forever.

So it matters not what anyone wants to do about eternity because, according to the scriptures, we will all live forever.

The Bible states that ever since the first Easter morning Christ has been preparing a mansion for His followers. For the Christian

(Continued on page 10)

Interest centers on fluoridation issue

Two incumbent Campbell city councilmen, Ralph Doetsch and Homer Hyde, are seeking reelection in the municipal election next Tuesday, April 12. They are opposed on the ballot by John Billmeyer, an employee of the San Jose Merchants Association and Ted Bauer, a San Francisco airport deputy sheriff.

But interest in next Tuesday's voting has centered upon the advisory question on fluoridation of water rather than on the candidates whose names appear on the ballot.

The purpose of the advisory question is to determine the attitude of the citizens of Campbell on this controversial question.

There is no mandate involved; no matter how the vote goes Tuesday, city officials point out, it is merely for informational purposes.

Campbell was directed to put the question before the people at the public hearings being conducted on whether the San Jose Water Works, a private concern, should fluoridate its water. The water firm serves more than half the residents of Campbell.

The hearings are being conducted because a bare majority of voters within the city limits of San Jose voted for fluoridation.

In placing the question on the ballot, the City Council took great pains to emphasize by a published resolution that the city was neutral on the question.

Both opponents and proponents of fluoridation have staged vigorous campaigns. Opponents basically maintain that fluoridation should be a matter for individuals to decide rather than be foisted upon the public by legislation.

Proponents, on the other hand, led by members of the dental profession, and Dr. Elwyn Turner, county public health officer, cite the value of fluoridation in the care of teeth.

Mrs. Dorothy Trevethan, city clerk since 1952, and Mrs. Velma Olds, city treasurer, face no opposition on the ballot next Tuesday.

NO ISSUE

No outstanding issue has enlivened the campaign for city council. Both incumbents standing on their records cite the value of their experience in carrying out the plans for development of the city.

Doetsch, 52, resides at 1580 Dell Ave., is a long-time orchardist and businessman in the area. He made history in 1962 when running as a write-in candidate for council he led the field of candidates. He is serving as vice-mayor of the city at the present time. Doetsch attended Campbell Grammar School and Los Gatos High.

Hyde, a native of

Editorial

Next Tuesday's election

Next Tuesday, April 12, the citizens of the City of Campbell will elect two councilmen. They will also elect a city clerk and city treasurer.

Also on the ballot is the advisory question on whether the citizens desire the water to be fluoridated.

City Clerk Dorothy Trevethan is unopposed for reelection to the office she has served so faithfully and efficiently for the past 14 years. The degree of esteem that she is held by the electorate is indicated by the fact that this election marks the fourth one that Dorothy will have been named to the position without opposition.

City Treasurer Velma Olds won the treasurer's office in a contested election in 1958 and, she, too, has not had any opposition in the elections since that time.

On the advisory question on fluoridation, The Press is not making any recommendation.

It is purely an advisory question. It does not mean that the water will be fluoridated, if the electorate favor it. And, because of complications, it does not mean that the water will not be fluoridated, if the people vote no.

The question was put on the ballot as a direct result of the hearings being conducted by the Public Utilities Commission with respect to the fluoridation of water in San Jose. In an election a bare majority of San Jose voters favored fluoridation.

Approximately one-half of the residents of Campbell are served by the same water company, the San Jose Water Works, that serves San Jose. Thus, if the PUC directs San Jose Water Works to fluoridate, the water coming into Campbell will also be fluoridated. It can not be shut off at the city limits.

The PUC suggested that the City Council should make an effort to find out how the people of this city feel on the issue. And for that reason the question appears on the ballot.

We feel that the question of fluoridation is a trifle beyond the depth of a community weekly newspaper. It is a complex and emotional question involving medical, technical and religious facets.

As an individual (and we have mentioned this in our weekly column) we think we know how we will vote. But editorially we leave it alone.

But on the question of the council candidates, it is a different story.

It is our business, as your watchdog, to be informed on matters pertaining to your city government. We like to think, and many of you have been kind enough to say so, that you depend on our observations, for we are in a position to know what is going on in your city.

As your editor, we cover your city administration in depth. We sincerely believe that is our responsibility. And we work at it.

For that basic reason, we unhesitatingly suggest that you give RALPH DOETSCH and HOMER HYDE, the two incumbent councilmen up for reelection, a rousing vote of confidence in next Tuesday's election.

This community, in our opinion, is fortunate in having these two men serve as city councilmen. They have demonstrated by their records their interest and their dedication to their city.

Their experience in city affairs will prove invaluable to this city in the next four years.

Doetsch, as you recall, made history four years ago when as a write-in candidate for city council, he was high man on the ballot. His sincerity and integrity are unquestioned. He has the outstanding ability of using the common-sense approach to the most complex problem. And in a surprising number of instances the complex problems have been unraveled because of Ralph's approach.

Hyde, the newest councilman in point of service, has served longer than any other citizen of this community on the Planning Commission. Prior to becoming a councilman, he spent more than 10 years exposed to all the planning problems that are involved in the "growing pains" of a booming area.

Homer's experience on the Planning Commission has proved to be of an invaluable worth to the City Council. Most of the important projects involving the city originate in the Planning Commission.

We believe the electorate will recognize the dedication and ability of Ralph Doetsch and Homer Hyde next Tuesday, April 12, and retain them in office for another four years.

We submit that the city will be the winners.

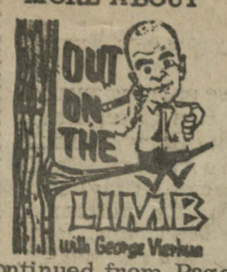
MORE ABOUT



(Continued from Page 1)

would be out of its province in attempting to tell our readers how to vote. Especially this is true in lieu of the fact that it is purely an advisory question and there is no mandate involved.

We think at this moment we have finally figured out how we will mark our own ballot. But this, too, is subject to change before Tuesday.

Right now it looks as if our ballot will be marked "no". Our decision did not come because of any of the letters we have received, or because we are opposed to fluoridation.

We just don't like the shenanigans involved when San Jose voted for it thus forcing the San Jose Water Works, the company that serves us, to do something about it, and we didn't have anything to say about it.

But fluoridated drinking water, as far as we are concerned personally, is the least of our worries. We are not a heavy water drinker.

Since our Army days when the drinking water was chlorinated, we have not re-acquired a taste for the stuff.

We get by on minimum rations.

-0-

AS YOU HAVE GATHERED from previous editorials on the subject, we sincerely urge a strong vote of confidence next Tuesday for the two incumbent city councilmen, Ralph Doetsch and Homer Hyde, who are running for reelection.

We have confidence in their ability and integrity. They have proven their worth to the city by their experience on the council and by their knowledge of the community in which they have grown up and in which they are now successful businessmen.

Of more than passing interest, we think, is the fact that Ralph and Homer are home-grown products. They are proud of their home town and intend to continue to work for its betterment.

-0-

EMERGENCIES are something we learn to live with in this business of putting out a newspaper.

You might say "emergencies" are the rule rather than the exception.

So it was not unusual to receive a call on a recent Saturday evening from the police department, informing us that an "emergency" was in the offing.

But instead of a fire, murder or theft, we learned that one of the customers of the commercial printing department of our joint just had to pick up a printing job that was needed for the next day. It had been completed.

But the plant was closed.

The customer was out of town and did not know either Brent's or our address or phone number, so the gal had called on the police department for help.

And they came through.

And you can believe it, it WAS an emergency for that gal. The programs that were printed were for a Sunday morning affair.

We gained a satisfied customer and the police made points.

MORE ABOUT

Clean-up

(Continued from page 1)

industrial and commercial areas.

The project emphasizes the cleaning up of Los Gatos Creek area, including those under public as well as private ownership. The city manager said that city personnel has already begun the dressing up of the corporation yard located on the creek.

The project includes coordination of the fire department's weed abatement program as well as stimulating tree planting and landscaping throughout the city.

Leaders in the "3-C" movement are hoping that local residents will generate interest in the campaign by initiating paint-up, fix-up projects of their homes and neighborhoods. Hardware, paint, building material and nursery firms and other allied businesses are also being asked to cooperate in a determined effort to stimulate a dressing-up program for the entire town.

Still in the tentative stage are plans for a gigantic work-day on Saturday, April 23, in which volunteers "attack" the creek area.

During the final week of the crusade, the Los Gatos Scavenger Co. has offered to give free trash pickup service to all residents within the city limits.

MORE ABOUT

City votes

(Continued from page 1)

Hyde, 48, a native of Campbell, is a graduate of Stanford University and resides at 116 Alice Ave. Three generations of the Hyde family have attended Campbell High. Before being appointed to the City Council last December, Hyde had served on the city's Planning Commission for more than 10 years, longer than any other citizen of Campbell.

Billmeyer, 34, does public relations work for the San Jose Merchants Association. He resides at 151 Marianna and has been a resident of the city for nine years. He is a member of the city's Park and Recreation Commission and ran fourth in a field of 10 in the city council election in 1964.

Bauer, 26, has resided in Campbell for the past four years. His home is at 1008 Connie Drive, and he is employed as a deputy at the San Francisco International Airport.

PRECINCTS

Polls next Tuesday will be open from 7 a.m. to 7 p.m.. For the election, 15 consolidated precincts have been established:

1. Dover School, 1300 Sheffield.
2. Hamilton Mobile Park, 920 E. Hamilton.
3. Hamilton School, 480 E. Hamilton.
4. Campbell High School, 1945 Winchester.
5. Campbell Baptist Church, 151 Sunnyside.
6. Major residence, 171 Bland.
7. Campbell Elementary School (Cherry Lane), 138 Cherry Lane.
8. Davis residence, 309 Christopher.
9. Hunt residence, 197 Victor.
10. Coventry School, 1125 W. Campbell.
11. Harry residence, 241 Calado.
12. Capri School, 850 Steinway.
13. Hazelwood School, 775 Waldo Road.
14. Murdock residence, 1471 Inskip Drive.
15. Crass residence, 17725 Bucknall Road.

AUTO RACES

During the five-year period 1960-64, more than 150 drivers were killed during automobile races.

College seeks federal funds

West Valley College board of trustees have approved projects totaling $280,530.80 for five programs applied for under the Federal Vocational Education Act for the 1966-67 school year. Federal contributions would be $117,736.90, while the district would pay $162,902.90 from local funds.

The programs are:

1). Expanding and improving vocational Home Economics in Retail Merchandising, $26,410 total, of which local costs are $16,828 and VEA funds $9,582. Purpose is to expand the Home Economics course to emphasize retail merchandising in occupations related to the apparel industry and home furnishings.

2). Expansion and improvement of the Police Science program. Total cost is $47,400, of which the district pays $27,700 and the VEA $19,700.

This total figure was raised by some $1,200 at the request of Trustee Jack Armstrong, who wanted additional funds set aside for attendance at police conferences and visits to top police departments throughout the country by staff members, "to keep abreast of new techniques".

3). Development of the Food Services and Restaurant Management program, total $127,810, of which the district will pay $69,-655 and the VEA $58,-155. Involved is an on-campus site for development of the program and the necessary equipment to furnish such a project.

4). Development of a Civil Engineering Technology program, totaling cost $10,375, of which $7,062.50 comes from local funds and $3,312.50 from VEA funds. The project is designed to secure necessary equipment and qualified instructors in this area.

5). Expand and improve Electronics Technician program, total cost $68,544.80, of which the district pays $41,657.40 and the VEA $26,887.40. This program is designed to increase the present instruction level of nine hours weekly to 22 hours per week for each two levels of classes.

The Board also approved an application of $27,508.32 for National Defense Education Act funds for library use, specifically to obtain microfilms of magazines and projectors to be used by students in pursuit of their studies.

Librarian Hugh Hall told the Board that these films would expand the available horizons of students by offering more "sophisticated sources" such as the American Historical Review, the American Political Science Review and many other such periodicals, not only current issues, but going back, in some cases, to the beginnings of the magazines involved.

NEED WATER

Trees cannot survive without irrigation where rainfall is less than ten inches a year.

MILES OF WATER

It is estimated that 9,000 cubic miles of water annually runs off the land into the sea.

ANTIOCH

Antioch was the name of many ancient cities.

Bishop Pike to confirm fourteen

Fourteen youngsters and adults from St. Lawrence Episcopal Church, Campbell, will travel to San Francisco on Easter Eve, Saturday, April 9, to be received as full communicants in the Anglican Communion.

At 11 a.m., at Grace Cathedral, The Rt. Rev. James A. Pike, Bishop of California, will officiate in the ancient and traditional service of Confirmation, confirming persons from all over the Diocese of California. The candidates from St. Lawrence, Campbell to be presented by the Rev. A. D. Carson, Vicar, for confirmation will be:

Dorothy Virgili, Randy Anderson, Christine Calhoun, Mark Small, Tina Easton, David Easton, Mary Lou Gibbons, Janette Vincent, James Parker, Allyson Douthit, Alex Achziger, Bryant Small, Peggy Philbin and Joseph Philbin.

Cub Scouts

CUB SCOUT PACK 330

At last months meeting, Cub Scout Pack 330, of San Tomas School, took a delightful journey back into the past to the days of King Arthur and his Knights of the Round Table.

Cubmaster Dewey King portrayed King Arthur while the Cubs were his Knights. The Knights, seated in a circle, were dressed in armor, each having his coats-of-arms displayed on his shield and breast-plate.

As the Cubs came forward to receive their awards they knelt and were knighted by King Arthur using his mighty sword Excalibur.

Those earning awards were: Ken Cato, Kevin Surratt, Gary Phillips, Bob Surratt, David Fairbanks, Billy Buckley, Mark Williams, Bruce Mallory, Roby Pettit, Mark Weller, Tom Glage, Mark Hulse, Kevin Dunwoody, Eric Braun, Robert Chappel, Kevin Hamm, Braun, Robert Chappel, Kevin Hamm, John Streigal, Roby Pettit and Glen Young.

Awards were also presented to the winners of the Kite Flying Derby held earlier in the month. Winners for the best decorated Kites were Ricky Heider, Bob Surratt and Kevin Surratt in that order.

Winners of the kite flying portion of the derby were Randy MacDermott, Roby Pettit and Kevin Hamm in that order. Honorable mention awards were given to Tom King, John Streigal, Stephen Candelaria, Kevin Dunwoody, Bryan Black, Mark Hulse, Mark Weller, Ken Cato, Mark Williams, Billy Buckley and Ricky Beck.

Eighty to youth congress

A delegation of 80 young people and their sponsors will leave the West Valley area Thursday for Bakersfield, where they will attend a giant Youth Congress of Seventh-day Adventists in the Bakersfield Civic Auditorium through Saturday, April 9.

Mrs. Mildred A. Wood, 15280 Shannon Rd., Los Gatos, youth activities director of the Campbell Seventh-day Adventist Church, said the local delegation will attend day-long sessions of the Congress, beginning at 7 o'clock tomorrow night.

PROTECT OUR RIGHTS

In order to protect the individual rights of the people of the City of Campbell, California, I personally wish to make the following offer:

"I agree to pay the cost of fluoride tablets to supply the children of Campbell for a period of one year. This offer is made to the local Board of Health or any doctor or dentist willing to supervise the 1st year of a free fluoride tablet program."

I am making this offer because, after being a well-driller in this county for over 41 years, engaged in bringing good clean water into our wells, it gravely concerns me to think of the proposed adulteration and contamination of these same wells with a drug of any kind.

The program would be very inexpensive according to word from Clifton, New Jersey. In Clifton the Board of Health furnishes free tablets for a **mere fraction** of what fluoridation would cost.

Let us keep the rights and freedoms we fought for. Let us supply free tablets to the Campbell people who want them and respect and protect the rights of the people who don't want their drinking water adulterated or a medication forced upon them.

This offer is good only if FLUORIDATION Advisory Question No. 1 receives a majority "NO" vote at the Campbell polls on APRIL 12.

Schreck has been promoted to General Manager for Breuner's eight store furniture chain. Hosts will be MR. AND MRS. R. E. PHILLIPS, 454 Queens Court, and MR. AND MRS. LOUIS FRANCOIS. Guests will be other Breuner's executives and their wives..

HOME FROM HAWAII - MR. AND MRS. WILLIAM EVERT, 375 Sunberry Drive, are telling friends of their delightful trip to the Hawaiian Islands via S. S. Lurline. The couple spent 18 days touring the islands of Oahu and Hawaii. The trip was to celebrate their 50th wedding anniversary, and they were presented with a beautiful wedding cake and carnation leis at their hotel in Hawaii as gifts from their family. They flew home on a Pan-American Jet.

THE CAMPBELL DEMOCRATIC CLUB met recently at the home of MR. AND MRS. JOHN CHARGIN on Bent Drive to make plans for a potluck supper and "Meet The Candidates" night on April 23...A cook-out breakfast at Natural Bridges in Santa Cruz was enjoyed by a group of Kenneth Avenue residents including MR. AND MRS. LOUIS ROCHA and family, THE CHET CLEVERS and MRS. WAYNE LANTZ and daughter, LETITIA...

Little SUSAN BELL, daughter of MRS. JUDY BELL and granddaughter of MR. AND MRS. ED ATTIX of Harrison Avenue was the guest of honor at a family dinner party last Saturday night celebrating her third birthday...

FROM MARCHERS TO MODELS - Women who participated in the 1966 Mothers' March against birth defects were honored at the annual county recognition luncheon held in San Jose recently. Fellow marchers who modeled knit outfits were Mrs. Dale Sipe (left), a Campbell community chairman, and Mrs. R. A. Cowden, Mountain View community chairman.

Ten will compete for Miss Campbell title

Ten aspiring candidates for the title of Miss Campbell passed the first hurdle last Saturday night when they were picked as semi-finalists by the Campbell Jaycees. The final competition will be held on Saturday, April 23 at 8 p.m. in the auditorium of Campbell High School.

Each contestant will be judged on talent, poise and figure. They will model both an evening gown and a swim suit. Tickets for the final contest will be on sale at the door and the public is invited. Fred LaCosse, well known television announcer, will be master of ceremonies. Al Hansen is president of the Campbell Junior Chamber of Commerce.

The winner of the Miss Campbell contest will be eligible to enter the Miss California contest held each year in Santa Cruz. If she should be named Miss California, she will then enter the Miss America contest. The contestants are all single, between the ages of 18 and 23, and according to Jim Pluth, Jaycee chairman of the event, exceptionally talented and attractive.

The ten finalists and the schools they attend are: Kathleen Moore, West Valley College; Katherine Pierce, Abraham Lincoln High School; Jacqueline Pohl, Blackford High School; Sharon Walker, Campbell High School; Lauralann Wheeler, Los Gatos High School; Carolyn Campbell, private school; Jeanie Baker, Samuel Ayers High School; Judith Eilers, Pioneer High School; Crystal Lynch, and Shari Bahl, San Jose City College.

Miss Glynis Wright, San Jose State College coed, now wears the crown as Miss Campbell.

WHIST PARTY

Ada Rebekah Stitching Club will hold a whist party April 13, at 1 p.m. in the Hamilton Park Recreation Hall, 920 E. Hamilton Ave. The public is invited. A small donation is asked and there will be prizes and refreshments.

Open house and spring concert at Rosemary School April 12th

The Rosemary Home and School Club will hold its annual Open House and Spring Concert, Tuesday, April 12, at 7:30 p.m.

Parents are invited to visit the classrooms where the children's work will be displayed and all the rooms will be decorated for spring.

The evening program will begin at 7:30 p.m. in the multi-use room with a recital of beginning string students.

At 7:45 p.m. a review of Rosemary Home and School Club activities and the nominations of officers for the coming year will be presented. The nominating committee will offer the following names as candidates for the 1966-67 school year.

They are as follows: president, Don Harris; vice president, Donald Nadell; treasurer, Mrs. Mary Willcoxen; secretary, Mrs. Betty Dillon.

From 8:10 to 8:40 there will be the Open House in the classrooms. Coffee will be available in the cafeteria after the meeting and during the Open House.

Fellowship to hear Chaplain

The Women's Fellowship of the Congregational Church of Campbell will meet at noon on Thursday, April 7, for a pot luck salad luncheon. The members of the Sigma's are hostesses.

Guest speaker will be Chaplain Mervyn Fordice of the Santa Clara County Hospital, and his topic will be "How to visit the sick?" Mrs. Carolyn Acken is president of the Women's Fellowship.

Garden club installation

Campbell Garden Club will hold their installation tea on Wednesday, April 13, at 1 p.m. in the Fireside Room of the Congregational Church, 400 W. Campbell Ave.

Mrs. Roy Sindell is chairman of this event, which is one of the highlights of the club year. A board meeting will be held at noon prior to the installation.

Artists Guild has birthday

The Campbell Artists' Guild, organized March 18, 1965, will celebrate its first birthday next Wednesday night, April 13, with a party at a new meeting place, the Americana Room of the American Savings and Loan Bank, 1285 Lincoln Ave., in Willow Glen.

At this time the new officers will be introduced. They are Martha Harrell, president; Marigold Kushner, vice president; Edna Elrod, secretary; Kaaren Krueg, treasurer; Mary Mergi, membership; Elsie Brothers, hospitality; Olive Furchner, publicity; Luba Haug, exhibits; Regina Greenleaf, general shows; and Pinkie Eads, juried shows.

BROWNIE TROOP 31 - This happy group of Brownies at Coventry School are proud of having pooled their earnings to purchase four large beautiful azalea plants for their school. The purchase of the plants was their community service project for the year. Members of Troop 31 are (left to right) Back Row - Heidi Glissmeyer, Charlene Haussler, Cindy Rowland, Carol Nowicki, Lisa Wakutsuki, and Toni Dumbrique. Front Row - Cindy Rodriquez, Dovey Pucket, Susan Mauldin, Julie Wilcox and Kinta Gallman.

AZALEAS FOR COVENTRY SCHOOL - These beautiful azalea plants with white blossoms were donated by Brownie Troop 31 to Coventry School. They were planted in front of the school office and add a touch of color to the landscape. Mrs. Robert Maulden is leader of Troop 31, and Mrs. John Rowland is co-leader.

Lutherans plan sunrise service

Zion Lutheran Church, 3257 Payne Ave., announced the following Holy Week schedule: Maundy Thursday: Holy Communion and Worship Service, 7:30 p.m. Good Friday: 7:30 p.m. Tenebrae Service.

Easter Sunday - Sunrise Service, 6 a.m. on the church grounds, weather permitting. Easter Festival Worship Services, 8:30 and 10:30 a.m. Nursery care available for small tots during the 8:30 and 10:30 a.m. services.

Valley Church

Pastor Harold Smith of Valley Neighborhood Church, Camden Avenue at South Bascom, will speak at the Easter Sunday service at 10:45 a.m. on "If God Were Dead". Special music will be presented by the music department of the church under the direction of Bud Mardock.

Sunday evening the choir will present the outstanding Easter Cantata, "No Greater Love".

$115,658 budget for EOC center

$115,658 for E.O.C.

According to William Ellis, Campbell chairman for the Economic Opportunity Commission, Area VI, it would take an annual budget of $115,658.40 to establish an EOC Service Center in the West Valley area.

Highest costs are for wages and salaries, amounting to $94,538.40. This would include $10,644 yearly for a director. Total overhead expenses for the year are estimated at $21,120 with $7,200 for rent and utilities for an office. This budget was also broken down into monthly estimates, with $9,638.20

Kiwanis clubs sponsor youth easter service

The Kiwanis Clubs of the Greater West Valley area will sponsor a Youth Easter Sunrise Service at the Los Gatos Memorial Park on Los Gatos-Almaden Road. The Los Gatos Kiwanians are hosting this 6 a.m. worship service.

An invitation is extended to all junior high, senior high, and college age young people.

Local athletic coaches Mac Martinez and Ben Pierce will also participate. The Rev. John Braund of the Los Gatos United Presbyterian Church will officiate.

Membership drive for concert series opens

Campbell residents are once again invited to become members of the Los Gatos Community Concerts Association, Harwood Warriner, the organization's president, announced as the date of the 1966-67 season's membership drive drew near. A special luncheon for workers to be held on Monday, April 11, at the Los Gatos Lodge, John Tyers, noted baritone will perform a program of songs.

The forthcoming 1966-67 season will be the 18th in an unbroken series of outstanding musical attractions which have become entertainment highlights each year in the West Valley communities.

FOUR CONCERTS

Each year four concerts are presented, and members are not only able to hear the celebrated artists in the Los Gatos series, but they may also attend performances in other series offered by other Community Concert Associations in the area. All four concerts will cost adult members $8.

According to Membership Chairman Mrs. Howard Oltz of Los Gatos, all concerts will be performed at the West Valley College Auditorium. Those wishing additional information are invited to call the campaign headquarters at 354-8844 or Mrs. Oltz at 354-2362.

The 1965-66 season was one of the most successful ever presented. Already booked for next season fini for next season are two of the four 1966-67 attractions. Andre Watts, who was hailed by the New York Times as "One of the most talented musicians to appear appear in some time," will appear as well as the Golden Curtain Operatic Quartet.

MEMBERS ONLY

Since the concerts are open only to members, no one will be able to purchase tickets to individual performances, and because the seating capacity of the auditorium is limited and very few memberships are not renewed, those interested in joining the Association are urged to apply at once in order to avoid disappointment.

Mrs. Mestice leads Little League gronp

Campbell Little League Women's Auxiliary will meet Monday evening, April 11, in the Campbell High School Administration Building (The White House) at 8 p.m. All new mothers of Little Leaguer's are welcome.

New officers recently elected are Mrs. Henry Mestice, president; Mrs. Louie Ferrari, vice president; Mrs. Paul Judd, secretary and Mrs. Matt Brazil, treasurer. Campbell Little League opening day is April 20.

HELPS EASTER BUNNY - Julie Hofstrand, 1731 Sweetbriar, San Jose, is an Easter Bunny helper at Camp-Drugs, located in the Campbell Shopping Center, Winchester and Latimer Avenue. This year the Campbell Drugs Easter Bunny says he will personally deliver all gifts placed on order for Easter Sunday morning.

Winning Science Fair projects on display in Campbell Museum

Nearly 1000 visitors and parents attended the Campbell Union School District Science Fair held last week at Campbell Grammar School, where students in the district received recognition for their outstanding achievements in the fields of Biological and Physical Science.

As usual, the judging was very difficult, as there were so many excellent projects. William A. Parton, president of the Board of Trustees, awarded the first, second and third place winners in each division.

Medal winner projects were moved to the West Valley Historical Society (Campbell Museum) at 274 E. Campbell Ave. There projects will be on public display until April 29. Special tours for classes or any group may be arranged by appointment. Call Mrs. Ruth Andrus, 378-4877.

WINNERS NAMED

Winners in the Biological Science Division are as follows: FOURTH GRADE: First Place, Bill Mullins, "All About Crystals", Parkway School. Second Place, Sally Jean Leitz, "The Eye", Rosemary School; Third Place, Joan Norment, "Butterflies", Monroe School.

FIFTH GRADE: First Place, Elaine Marchesi, "Development of Chicken", Marshall Lane; Second Place, Steve Kihara, "Protozoa", Cypress; Third Place, Joe Canepa, "The Heart and Its Function", Sherman Oaks. SIXTH GRADE: First Place, Janice Eufemi, "The Planaria", Monroe School:

Second Place, Robert Crawford, "Hydroponics", Capri School; Third Place, Jeff Sweeney, "Beetles That Glow", San Tomas School. SEVENTH GRADE: First Place, Ron Isida, "Ant Colony", Blackford; Second Place, Diane Phillippe, "Leather", Rolling Hills;

Third Place, Joe Amadeo, "The Heart", Campbell Grammar. EIGHTH GRADE, First Place, Jim Royer, "Comparative Metaboler Rates", Campbell; Second Place, Craig Young, "Adaptation to Environment", Cypress; Third Place, Terry Rodgers, "Plants, Light and Gravity", Campbell.

Winners in the Physical Science Division are: FOURTH GRADE: First Place, Steve Noble, "Light", Marshall Lane; Second Place, Allen Pollock, "The Electric Motor", Sherman Oaks; Third Place, Craig Barna, "What Will We Find On The Moon", Rosemary.

FIFTH GRADE: First Place, Tom McNamee, "Light and Color", Forest Hill; Second Place, Mark Shannon, "Hovercraft", Quito; Third Place, Debra Becraft, "Glacier", Capri. SIXTH GRADE: First Place, Donald Vaughn, "Digital Computer", Cypress;

Second Place, Jeff Pettit, "Reflection and Refraction of Light", Marshall Lane; Third Place, Caren Tracy, "What is Sound?", Monroe. SEVENTH GRADE: First Place, Lynn Young, "Textiles", Rolling Hills; Second Place, Deborah Schroeder, "Crystals", Blackford; Third Place, Richard Ceasar, "Structural Formula of Hydrocarbons", Blackford.

EIGHTH GRADE: First Place, Kim Ells, "An Experiment Determining Volocity of Sound", Monroe; Second Place, Doug Montgomery, "Exploring with U. V. Light", Campbell; Third Place Carol Wilson, "Distillation", Rolling Hills. There were also many honorable mention awards.

Display window broken again

For the second time in several months, Aldous Jewelers, located in the Kirkwood Plaza Shopping Center, 1694 W. Campbell Ave., had a display window broken. Campbell Police reported that Sunday night, April 3, at approximately 1:15 a.m. a police officer in the area, heard the burglar alarm sounding from that area. Upon investigation he discovered it was at the jewelry store.

A piece of redwood had been used to break the window which sounded the alarm. Witnesses said a juvenile was seen running from the area. Nothing was reported stolen.

Health dept. approves of fluoridation

Approval of the fluoridation advisory question by Campbell voters on April 12 was urged today by W. Elwyn Turner, M.D., County Director of Public Health.

"Fluoridation of the water supply is the most practical and effective public health measure yet discovered for the prevention of tooth decay," he said.

"The cities of Palo Alto and San Francisco have fluoridated their water since 1956 and the city of Morgan Hill since 1952," Dr. Turner pointed out. "Residents of these cities have enjoyed tremendous savings in dental costs and improved well-being."

A similar advisory vote on fluoridation was approved by San Jose City voters in 1964.

Local districts get state help

Continuing financial assistance for expansion programs planned or under way in some 200 California school districts was made possible March 30 with sale of $100 million in school building aid bonds by State Treasurer Bert A. Betts.

School districts in this area that have authority to borrow from bond funds, and thus eligible for a portion of the $100 million include:

Campbell Union High School, $903,000; Campbell Union (elementary), $175,000; Cambrian, $658,000; Moreland, $270,000.

Bond funds are loaned to school districts for acquisition of land, construction of buildings and provisions of furnishings.

BUC BANTER

BY MARY KNOWLES ALLEN

"Paris Lights" will be the theme of this year's Junior Prom to be presented May 27, in the Campbell High School Cafeteria.

Mark Ebner, junior class president for the fall semester, reports, "It's going to be fantastic...At present, the cafeteria has forks stuck in the wall, peas smashed on the ceiling, but the junior class is going to completely transform it into a romantic Paris street."

This year, two lovely girls from Campbell are vying for the title of Miss Campbell, Sharron Walker and Virna Ballantyne Sharron Walker has been outstanding in girls track events as well as being in the Pirettes.

She is also vocalist for "The Saints", Campbell's dance band. Sharron said of the contest, "For one thing, this will give me a chance for a music scholarship...Also, they have talent scouts usually at these pageants, maybe I'll get the break I've been looking for...

"They're looking for a fresh, young face and everybody in the contest has an equal chance of winning... Even if no one won, it's a thrill to think that I participated."

Several months ago I wrote that the Campbell High Hall of Fame would be ready for viewing within a few weeks time. At that writing, I didn't realize the work entailed in putting something like this together.

The last two weeks have been spent in contacting the American "parents" of all of the exchange students we have had at Campbell and locating pictures to be used in the Hall of Fame.

At this time we are lacking pictures of Ellen Sorenson and Jacobus Swart, the first two exchange students. Any one who has a picture of either of these students that could be made into a duplicate and the original returned to them is urged to contact the school.

As usual, the April Fool's edition of the school paper was a big hit.

Some students even believed that the CSF trip was being reduced to a grand tour of Campbell, that the Campus Echo had been banned, that Campbell High was being made into a semi-boarding school, and that Senior Sneak day had been called off with a trip to Alum Rock Park put in its place.

HAPPY EASTER

WARRIOR WAYS

BY LYNDA WYCKOFF

TWIRP WEEK ENDED LAST week with the seniors receiving the most points for cleaning campus. That night, April 1, the girls asked the boys out as Westmont had a Twirp Dance.

This vacation many Westmonters are enjoying themselves elsewhere. Toni Catanio, along with several friends, is staying in Santa Cruz.

Miss Fuller is having fun in Hawaii. Mike Slavit, speech and debate coach is getting married in San Diego. Nancy Hamilton is spending the week in Los Angeles.

WARRIOR OF THE WEEK JOHN GRILLO

John Grillo, 16, was born in Hornell, New York. He has two brothers, one was the WARRIOR OF THE WEEK several weeks ago.

John is a great athlete here at Westmont. He is active in Varsity Football, and plays linebacker and defensive tackle. On the baseball team he holds the position of catcher.

Last year John and Ross Garison were the only freshmen on the first string of Frosh-Soph Football team.

John's favorite subjects include, P. E. and English. After he graduates John plans to attend West Valley College and, after two years there, hopes to join the Army or the Marines and become a "Green Beret".

Says John, "I've always dreamed of becoming a Green Beret and then a policeman." Right now the dream of becoming a policeman is not far from being a reality.

About the school John says,

"Varsity and Frosh-Soph baseball teams are really great. With coaches like Oldham and Samples we should take the League.

Westmont is a great school with fine teachers and a wonderful Dean of Boys who likes and understands kids. I think we have the best principal in the district too."

Bank of America names judges for awards

Bank of America has named five judges, two from Campbell, to select zone winners from area high school students in the bank's annual Achievement Awards competition in Santa Clara on Thursday, April 14.

The decision of these judges will boost four of 38 hopefuls into area finals and an opportunity to compete for $1000 cash awards.

Judges of the Santa Clara zone event are: Art Showers, Santa Cruz, owner of Art's Auto Supply; William J. Homan, San Jose, senior design engineer with IBM; Mrs. Camille Fargher, Santa Clara "Woman of the Year"; Mrs. Velma G. Olds, Campbell city treasurer, and Robert E. Towne, Campbell, owner of Towne Press.

First place zone winners are chosen in each of four study fields--fine arts, science and mathematics, vocational arts, and liberal arts.

Seniors from Campbell, Westmont, Blackford, Del Mar and Camden high schools participating and their fields in the zone events include:

Fine arts: Robert Campbell, Blackford John Jones, Campbell; Nancy Parle, Westmont, Vocational arts Nancy Bonanno, Del Mar; Michelle Murray, Campbell; Anita Pimentel, Camden; Ann Robertson, Westmont; Sharon Wilson, Blackford.

Science and math: Barbara Carnett, Blackford; Weston Clark, Campbell; Geiffrey Dean, Westmont; Joseph Lannon, Camden. Liberal arts: Angela Grindon, Campbell; Teresa Kalvelage, Del Mar; Greta Sasse, Camden.

BLACKFORD BEAT

BY DIANE GIPSON CAROL COOK

The third quarter ended last week as all of Blackford's students took off for a week of fun over Easter Vacation.

On Friday the track team met against Saratoga on the Falcon's track.

Also on Friday, the Brave swimmers journeyed to Leigh High School for their events.

All last week the sophomores were able to view their class rings for next year which were on display. It was the class officers' privilege to chose the style which they thought would best please the students.

On Thursday night, March 31, the all-school music concert was held in Blackford's gymnasium. All the school choirs in the Campbell Union High School District participated.

Tickets for the annual East-West Basketball All-Star game are on sale now. Adult admission is $2; student is $1. The actual game is not until June 25, but tickets are going fast. Get yours now.

The cheerleaders for next year were elected last week. This year there were no requirements other than grade average, so the freshmen were eligible also.

Here's the way the the elections turned out: Varsity - Pattie Fenton, Cindi Falcon, Terry Moody, Laura Dias and Kaylin Chandler. Frosh/Soph - Nancy Gornall, Ann Hulsey and Debbi Nissen. Congratulations, girls!

Next year's song girls were also picked last week, but by the Student Council and class officers only.

From the over 25 who tried out, here are the best six: Jan Crump, Becky Nickell, Jill Nygren, Stacey Spaulding, Carolyn Woyths, and Chris Yoshihara.

That's it for this week. Everyone have a great vacation and a Happy Easter!

FOR FLUORIDATION
"Citizens Water Committee"
AGAINST FLUORIDATION

Don't let a tiny fringe group of fear-mongers deprive our children of the proven benefits of fluoridation!

YOU ARE THE JURY! The decision is in your hands. Both sides claim to have the facts. You must then ask yourself, "Whom should I believe?" Your responsible national, state and local Public Health officials or a shadowy collection of self-seeking propagandists?

The answer is obvious to every intelligent Voter: A resounding **"YES"** vote **FOR** fluoridation!

VOTE YES CAMPBELL CITY ADVISORY QUESTION #1 APRIL 12

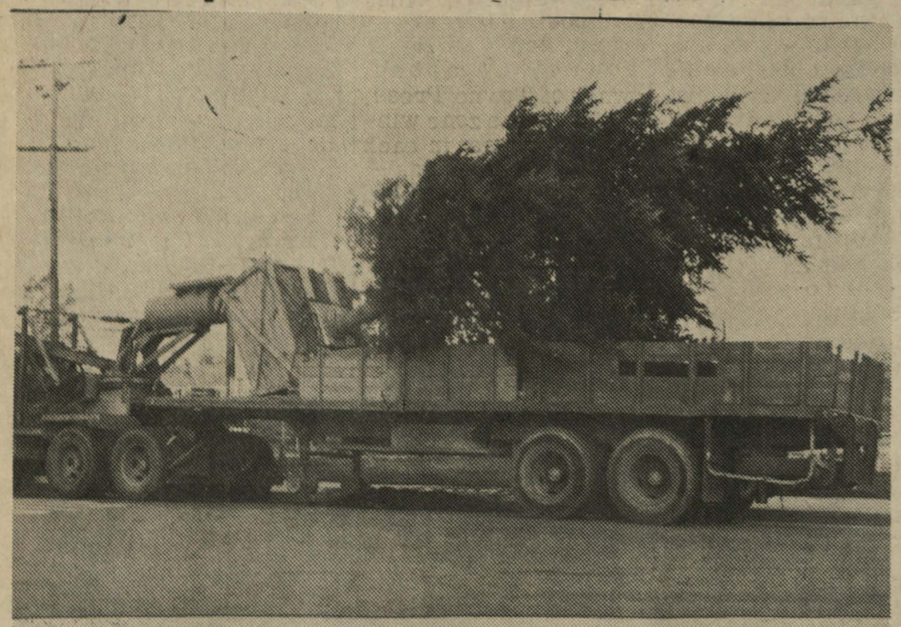
Tree at park honors Judge Blaine



LIVING MEMORIAL--A gigantic evergreen was moved two blocks last week from where it has been originally planted on Dillon Ave. to a prominent location at the north end of the Campbell Park on Los Gatos Creek at Campbell Ave. and Gilman.

City council action recently decreed that the tree would become a living memorial to the late Judge John Blaine. A suitable plaque will be placed at the location. A substantial financial contribution to the city covered most of the cost for the project.

It is planned to decorate the tree during the Christmas season. The tree was transported by truck and then gently lowered into the ground, as the accompanying pictures illustrate. Mayor Charles Rose and LeRoy Black, park superintendent, can be seen in the photo.

Planners approve smaller sign for Clark's Drug building here

That old Clark's Drugs building on the corner of Campbell and Harrison is not going to have those two huge signs (8-feet x 66-feet) after all. And that little marque (or "eyebrow") will remain.

On Monday night, the Planning Commission approved a revised plan. The new signs that got the unanimous blessing of the commission will be five feet high and they will fit above the "eyebrow" and below the second story windows.

In presenting the revised application, representatives from Ad Art sign company that is doing the work for American Auto Supply that now occupies the building, explained that the original signs, although approved by the Planning Commission and the City Council (after an appeal), had been subjected to considerable criticism and they felt the modifications would be more in the new ordinance and also closer to the adjoining property than the new ordinance allows.

Hogan maintained that the building could be designed differently and still comply with the ordinance requirements. And that it would be no "hardship" involved except the redesigning of the building.

Coombs, on the other hand, said he wanted to build deluxe apartments rather than the type that ordinarily would go on the property, if the ordinance was followed to the letter. He said he hoped to build another four-unit apartment on the remainder of the property at a later date and possibly have a swimming pool in between them. He added that the neighboring single family residents had no objections and that the apartment across the street had the same setback as he was asking.

Chairman Hal Lee and Commissioners Frank Klein, Kel Young and Thayer Lyons, in voting for the variance, indicated they liked the idea of "upgrading" apartments in town. Commissioners Jim Tomlinson and Jack Healey voted against the variance.

In other actions, the commission:

--APPROVED plans for a warehouse and office at 800 Cristich Lane as submitted by Jack Horton.

--APPROVED plans for an addition to the warehouse and manufacturing building on property at 541 Division Street in the CM zone. The plans were submitted by Noel J. Brown.

--APPROVED plans for a building for Shony's Vacationland Boat Sales and Service at 877 E. Hamilton. LeRoy Johnson, local architect, submitted the plans. Commissioner Lyons, although approving the plans, indicated that the drawing submitted by Johnson of a similar establishment was misleading.

Planning Commission members on Monday sailed right through their agenda items with a minimum amount of discussion and disagreement, until they came to the variance request of Mr. and Mrs. George Coombs for property located on the northeast corner of LaVonne Drive and W. Campbell Avenue.

It took almost two hours for the commission to decide the question. Approval was finally granted on a 4-2 vote. Planning Director Dick Hogan had recommended against the variance.

Coombs, the applicant, took the floor for almost an hour to describe the reasons the variance was needed for the proposed four-unit apartment unit he wished to construct. He explained that the property had been purchased and the building designed prior to the new ordinance of the city regulating the amount of open space on a lot in relation to a building.

The plans called for a 15-foot setback from the sidewalk instead of 20-feet as required

Now—the oldest bank in the west delivers 5% interest on non-negotiable Term Certificates in amounts of $5,000 (or more) held for a period of six months. Stop in at any office of Wells Fargo Bank for complete details.

Wells Fargo to open new branch in Santa Clara

Old West fun and fanfare, sparked by the arrival of a century-old stagecoach with treasure box cargo, will herald the gala opening of Wells Fargo Bank's new Homestead-Kiely Office in Santa Clara Saturday, April 16.

Located at the southeast corner of Homestead and Kiely Roads in the Mariposa Gardens Shopping Center, the branch will be Wells Fargo's fourth in Santa Clara, its 206th in Northern California.

The stagecoach -- Wells Fargo's famous BEN HOLLADAY -- will roll up to the bank at 1 p.m. with dignitaries participating in grand opening ceremonies.

David C. McMullen has been promoted to manager and Milo G. Farotte to assistant manager of the branch, K. Stanley Thompson, vice president in charge of the Peninsula Division, has announced.

The office will open for business Monday, April 18, Homestead Road in the Mariposa Gardens Shopping Center.

LUNCH

The first "businessmen's lunch" was offered in 40 B.C. by a Roman innkeeper for ship brokers too busy to go home.

VOTE FOR JOHN E. BILLMEYER

- Parks and Recreation Commissioner
- Financial Chairman Citizen's Committee Sanitation District No. 4 (1965)
- Runner-up in 1964 City Council race

1. Reduce taxation through promotion of Industrial Parks and retail sales.
2. Immediate acquisition and development of land for parks and recreation.
3. Appoint citizen's committees to inform the city council.
4. Greater foresight and direction in city policies.

CAMPBELL CITY COUNCIL

VOTE TUESDAY APRIL 12

We're taking temperatures with a gun

This "heat gun"—an advanced, infra-red sensing instrument—can read the temperature of anything it's pointed at.

Lately, PG&E research engineers have been pointing it at the Pacific Ocean.

Using the heat gun, they can measure the temperature of ocean water by plane instead of by boat. This means they gather information faster and more completely and cut the time (and the cost) of studying ocean waters around PG&E steam-electric plants—where sea water cooling helps provide your electric power.

New methods on the job, pioneering research and creative engineering like this keep PG&E Service your best bargain!

PG and E Pacific Gas and Electric Company

Obituaries

Theodore De Nio

A long illness claimed the life of Theodore De Nio, 60, who died at his home at 1072 El Solyo Ave. on April 1. De Nio was superintendent of electricians for automatic control work at G. J. Yamas Co. He had lived in the county for 45 years.

Survivors include his wife, Bonnie; two daughters, Mrs. Patricia Haynes, of San Jose and Mrs. Norma Hansen of Palmdale; a sister, Mrs. Olive Baillio, and brother, Roy M. Butcher, both of San Jose, and several grandchildren. Services were held in Oak Hill's Chapel of Roses, followed by inurnment in Oak Hill Memorial Park.

Zoritta Brown

Mrs. Zoritta Rose Brown, 35, of 1081 Harriet Ave. died Wednesday at a San Jose hospital. She had been employed as a machine operator for Litton and Fairchild Industries in San Carlos. A native of San Francisco, Mrs. Brown had lived here for the past three years.

Dr. Thomas S. Gee of the First Presbyterian Church of Los al services on Saturday at the Chapel of the Hills, Los Gatos. Burial was in Los Gatos Memorial Park.

She is survived by her daughter, Kathy, and four sons, Mitchell, Stacy, Chris and Kelly Brown, all of Campbell; her father, Edouard Couchee of Edmonds, Wash.; her mother, Mrs. Mary Murray of San Francisco; five brothers and one sister.

Lydia Poindexter

Funeral services were held today, April 6, from the Lima-Salmon-Erickson Memorial Chapel for Mrs. Lydia Poindexter, 86, of 2243 Tomasino Court, Campbell. A native of Iowa, Mrs. Poindexter had lived in Campbell for many years. She was a member of the Ada Rebekah Lodge of Campbell and the Campbell Past Nobel Grand Lodge.

Mrs. Poindexter was the widow of the late Charles A. Poindexter and mother of Mrs. Ruth Poindexter Fish, and mother-in-law of Hamilton V. Fish of Santa Cruz. She is survived by three grandchildren and seven great grandchildren.

Alfred Conley

Alfred Conley, 71, an insurance and real estate man in this community for many years, died in Gilroy last week. Interment was in the Los Gatos Cemetery.

Conley served as vice-president of the Campbell Chamber of Commerce and resided at 960 Winchester Blvd. until he moved to Gilroy five years ago. He is survived by his widow and two sons and a daughter.

Santo Caruso

Funeral services were held Saturday for Santo Caruso, 81, a retired mill worker, who died in a San Jose hospital last week. Caruso lived at 281 W. Campbell Ave. and had been a resident of this area for the past 18 years.

A native of Sicily, Italy, Caruso came to the United States in 1913. He lived for many years in Lawrence, Mass. He is survived by his wife, Maria, a daughter, Mrs. Josephine Paquin, and a son, Joseph, both of Campbell.

A Requiem High Mass was held at St. Lucy's Church followed by burial in Santa Clara Catholic Cemetery.

TIME ZONES

In 1884, an International Meridian Conference extended standard time zones to the entire earth.

CANADA GOOSE

It has been estimated that the giant Canada goose, once believed to be extinct, now numbers about 55,000.

SOCIAL SECURITY

Questions and Answers

U.S. DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE — SOCIAL SECURITY ADMINISTRATION

Q. I receive social security monthly payments for myself and my child. If I sell my home and get a down payment plus monthly payments, will this affect our social security checks?

A. No. The only income which would be considered in determining whether you are entitled to your monthly checks would be income earned in employment or self-employment.

Q. I am 79. Am I too old to apply for social security disability insurance benefits?

A. Yes. Disability benefits can be paid only to people who become disabled before 65. Retirement benefits are paid instead of disability benefits after 65.

Q. I am a 60-year-old unemployed widow. Can I get benefits based on my own earnings record?

A. No. You must be 62 to qualify for retirement benefits on your own earnings record. If your husband worked under social security long enough to be insured, you may qualify for reduced widow's benefit at age 60.

Q. I had a heart attack in July 1964. I applied for social security disability benefits and was turned down. My disallowance notice said my illness could not be determined to last indefinitely. Will the new law help me?

A. It may. The new law states that you can get disability benefits if you have an impairment severe enough to prevent you from doing any work, which has lasted or is expected to last 12 months.

PG&E to offer scholarships to students

A $60,000-a-vear PG&E College Scholarship program was announced by R. H. Gerdes, chairman of the board of Pacific Gas and Electric Co., at a San Francisco press conference for more than 200 high school editors and their faculty advisors recently.

Fifteen scholarships, each for $1,000 a year for four years of college, a total of $4,000 per student, will be awarded by the company annually to high school seniors in its Northern and Central California service area.

The PG&E scholarships have been established to honor the late James B. Black, president of PG&E for 20 years and chairman of the board for almost ten, who was devoted to furthering higher education during his lifetime.

High School seniors residing in or attending high school in PG&E's service area are eligible for 13 of the 15 scholarships. The other two will be available only to children of PG&E employees.

The scholarships may be used for any course of study at any accredited college or university in the United States, provided only that the course leads to a degree and that the student maintains satisfactory scholastic progress.

Winners will be selected on the basis of competitive examination scores of the Scholastic Aptitude Test of the College Entrance Examination Board, on general achievement in their high school careers and by interviews before two panels of impartial judges to be selected by PG&E. The first scholarship competitions will begin next fall and the first awards will be given for the 1967-68 academic year, Gerdes announced.

The 13 general scholarships will be awarded on a geographical basis, distributed among the company's 13 operating divisions.

New withholding tax table takes effect on May 1

Joseph M. Cullen, Director of Internal Revenue for Northern California, has announced that the new graduated withholding tables will take effect May 1 of this year.

The director stated that the new withholding plan will effect 65-70 million taxpayers who usually have a "Balance due" at the end of the tax year.

The graduated withholding plan will adjust taxpayer's withholding to more truly reflect their yearly tax obligation. According to Cullen, this means that many taxpayers who formerly owed money would now come within a few dollars of their tax liability.

A new version of Circular E "Employers Tax Guide" is currently being printed to reflect the new rates and regulations. The new circular will also contain copies of Document 5642 (with Form W-4 attached) which explains the graduated withholding scheme to employees.

County TB group elects officers

Dr. Charles I. Leftwich of San Jose has been installed as president of the Santa Clara County Tuberculosis Association for the current fiscal year, succeeding Fenton Barrett of Palo Alto.

Installation ceremonies were held at a dinner at the Hyatt House, which featured a talk on "Inhalation Therapy" by Dr. Grant Fletcher, assistant professor of anesthesiology at Stanford University, and director of the department of inhalation therapy at the Stanford University School of Medicine.

Other officers nominated and elected were: president-elect, Mrs. Charles Dorr; vice-president, Dr. John A. Rumsfeld; secretary, Mrs. Margaret Westwater of Gilroy; treasurer, E. C. LeFevre.

Life Saving classes here

The San Jose Chapter of the American Red Cross will conduct classes in Junior and Senior Life Saving beginning April 9, 9 a.m. to 12 noon. Classes will be held at Campbell High School. Instructor for this course will be Wm. A. Augenstein.

Students should bring suit, towels and warm clothes for deck work. The pool charge will be $4.50 for the entire course. Pre-requisites: For Junior Life Saving: 12 years of age or over - or seventh grade or over. Senior Life Saving: 16 years of age or over - or 11th grade or over. No pre-registration is necessary.

DWV SEEKS DISCARDS

Trucks from Disabled War Veterans Salvage Shops and Crafts, Inc., 1082 Alviso St., will canvass nearly all of the Santa Clara Valley beginning Saturday, April 9, and continuing through May 9, to collect usable discard

DWV manager Irving R. Cabral said that the fifth annual "Dial a Veteran" drive seeks clothing, furniture, and household articles to carry out its rehabilitation program. Call 296-2553 for free pick up.

Campbell site

(Continued from page 1)

on the Saratoga site.

If the Advisory Committee feels there is an urgent need for a special election prior to November, it will bring a report to that effect at the Board's regular April 21 meeting.

A majority of the Board also clarified its position on the attendance requirements at the new campus when it was built.

Trustee Bruce Allen has expressed strong objection to "my understanding that the Santa Clara campus would be only for Santa Clara students--and that students from Saratoga, Los Gatos and Campbell would not be allowed to attend there."

Trustee Ed Panelli, who at the previous meeting had moved for the Santa Clara campus, emphasized that it was his understanding that all students residing in the district would attend that campus until such time as additional facilities are constructed elsewhere.

Allen also emphasized that he would oppose a bond issue that did not adequately provide for facilities in this end of the district. The people and students from the Campbell-Los Gatos sector cannot be ignored.

Sam Hernandez of Saratoga and other speakers at the meeting emphasized the question was becoming a political football which was wrong.

A large delegation from Santa Clara was present at the meeting and indicated that Santa Clara was anxious for the college to locate in that community and would wholeheartedly support the bond issue as well as cooperate in many other ways.

Letters to the Editor

Dear Editor:

I would like to make a few comments in response to the Letters to the Editor of March 30, against fluoridation.

Mrs. Wilkinson is concerned about the constitutional aspect of this issue. A little research in this area shows that on 30 occasions the courts have found in favor of fluoridation and seven times the Supreme Court of the United States has refused to review these cases.

I am not an attorney, but I feel that the courts certainly are qualified to decide the constitutionality of the issue.

Mrs. Dreischmeyer seems to be concerned about Dr. Turner's professional ethics. The citizens of the county who know Dr. Turner personally or by reputation are aware that he would never sign his name to something in which he did not believe.

I am astonished that Ella G. Sprow, or anyone, would not recognize the direct relationship between the ages of members of a community and its death rate.

If she followed the P.U.C. hearings she is aware that Dr. Ellis Sox, Health Officer for the City and County of San Francisco, testified, under oath, that a preponderance of aged persons does account for the higher rate of deaths per capita of San Francisco over some of its neighbors.

Mrs. Sutton attacks this Advisory Question on the basis of an unspecified amount to be added and unproven safety. In the matter of amount the wording is "in a manner recommended and approved by the California State Department of Public Health".

Therefore, the amount will be rigidly controlled at the level required by the State Department of Health, which is well within a safe amount no matter what one's intake of water.

Let us remember that many people in communities who's water is fluoridated by nature ingest many times higher concentrations with absolutely no danger to their health.

Unless Mrs. Sutton is better informed than the U.S. Public Health Service, the American Dental Association, the National Research Council, the American Association for the Advancement of Science and dozens of other learned and respected organizations who endorse fluoridation and attest to its safety, I don't believe her statement that fluoridation of water "has never been proven safe" can be given much weight.

In closing, I repeat the suggestion "If you have any questions regarding fluoridation, consult your physician or dentist". These are the trained professionals whom you pay to advise you in such matters.

Sincerely,
Alan Murray
318 Kuehnis Drive

ANTI-FLUORIDATION

Dear Editor:

People of the stature of those who testified against fluoridation at the PUC hearings in San Jose probably couldn't care less about Mr. King's opinion of them. However, because of the coming election in Campbell, I will try to clear away the smoke screen he set up in his letter of last week.

(It looks as though someone had given Mr. King the same advice a wise old Greek philosopher once gave a group of young attorneys: "If you have no case, ABUSE THE WITNESSES!")

Instead of attempting to discredit them, Mr. King would do well to emulate these experts and spend some time reading the medical literature. No doubt he would soon discover he is promoting something he knows very little about.

Two Nobel Prize winners for enzyme chemistry, Dr. Hugo Theorell of Sweden, and Dr. James B. Sumner of Cornell University, have taken the same stand against fluoridation taken by Dr. Exner, Dr. MacDonald, Dr. Burgstahler, Dr. Mick and Dr. Miller at the PUC hearings in San Jose.

Dr. Miller, whom Mr. King forgot to mention, was trained as a biochemist. He gave an excellent explanation of the enzyme systems in human metabolism and the ways fluorides interfere with their proper functioning.

Although fluoride promoters claim 20 years of study prove the safety of fluoridation, it is only in the past 10 or 15 years that the secrets of cellular oxidation, without which the body's functions cannot be performed, have become common knowledge among biologists.

When any of these enzymes—even a single one of them--is destroyed, the cycle of oxidation within the cell comes to a halt. This is why fluorides are toxic, because they interfere with many enzyme systems in the body.

As for Mr. King's belittling of experiments with rats--without rats medical science might still be in the dark ages. Happily, medical experimentation on humans is frowned upon in a free society. And this is exactly what the fluoridation controversy is all about. Most of us object to being used as human guinea pigs!

Sincerely,
L. Dreischmeyer
931 Old Orchard Rd.
Campbell

MORE ABOUT

Annual Easter message

(Continued from page 1)

the cares of the world are left behind. There will be centuries upon centuries in which to thank those who led them into eternal glory. Eon upon Eon in expressing thanksgiving to the Saviour.

What glory! as age upon age the Christian receives thanks from those he influenced on earth toward this Heavenly home. Yes, it is very clear who wants to live forever.

Not everyone is worthy of a Heavenly home, immortality. There is no mystery in the Scriptures as to who goes to Heaven. No one will get into Heaven until Heaven first gets into him.

Adult center offers course in investments

Investments and mutual funds, taught by Raymond L. Mayo, registered representative of the New York Stock Exchange, is featured by Campbell Adult School in its spring quarter offerings, April 11.

Mayo is also a securities Account Executive, has completed the Graduate School of Business Administration at Indiana University, has an A.B. degree from Brigham Young University and has studied law at Hastings College.

The class is introductory in the field, yet informative and useful for the experienced investor in many areas such as stock market terminology, market analysis, the current market, tax exempt income, etc.

The class is scheduled for each Monday evening, 7 - 10 p.m. at the Campbell Adult Center. Other information may be obtained from the Campbell Adult School office, 1945 Winchester Blvd., Campbell or by phoning 379-4710.

CROW'S NEST

The term "crow's nest" was derived from the cage which housed ravens at the top of the mast of Norse ships. When the Norsemen lost sight of land, a raven was released and followed.

SOME PEOPLE ARE ALLERGIC TO FLUORIDE ARE YOU?

IF YOU HAVE OR DEVELOP SUCH AN ALLERGY AFTER THE WATER IS FLUORIDATED YOU WILL BE FORCED TO BUY PURE WATER FROM BOTTLING COMPANIES!

OUR WATER COMES FROM DEEP ARTESIAN WELLS AND IS PURE ALREADY NATURALLY RICH IN MINERALS

HAS THERE BEEN AN ANALYSIS MADE BY ANYONE THAT INDICATES OUR WATER NEEDS MORE FLUORINE THAN IT NOW HAS?

THE MEDICAL-DENTAL AD HOC COMMITTEE ON EVALUATION OF FLUORIDATION ISSUED A "STATEMENT OF ITS POSITION" OVER THE SIGNATURE OF 660 M.D.'s, 90 GRADUATE DENTISTS, AND 10 D.D.M.'s, PART OF WHICH FOLLOWS:

FLUORIDATED WATER CERTAINLY DOES NOT PREVENT CAVITIES

IF THE DIET IS POOR OR CONTAINS TOO MUCH SUGAR! MASS FLOURIDATION WILL NOT PREVENT CAVITIES

IT IS FAR MORE EQUITABLE TO SIMPLY BUY FLUORIDATED TOOTHPASTE OR SEE YOUR DENTIST FOR FLUORINE APPLICATION RATHER THAN POLLUTE THE PUBLIC WATER SUPPLY

THOSE GROUPS OF PEOPLE WHOSE RELIGIOUS FAITHS ARE VIOLATED BY MEDICATED WATER WILL BE FORCED TO BUY PURE WATER!

"We the undersigned, are opposed to the fluoridation of public water supplies."

"Floride is cumulative at virtually any level of intake this with its tendency to interfere with enzyme and vitamin function and general propensity to act as a system poison requires the most careful consideration in relation to its potentially chronic toxic effects!

Accidental wrong amounts could poison an entire city. A recent film illustrating this will be shown by the women's auxilary of the Grange at the Orchard City Grange 109 N. First St., Campbell, 10 to 12 Friday - Free.

Denmark officially banned fluoridation

Announcement by the Ministry of Interior in Denmark, Jan. 23, 1964! Professor Knud Moller, M.D., Danish Government Pharmacologist, states "Fluoridation of public water supplies as well as of all other consumables, is prohibited with the exception of the addition of fluoride to tooth paste under certain conditions."

"The so-called therapeutic concentration of fluoride, arbitrarily established at one part per million in drinking water is in the toxic range.

"Dental fluorosis (mottling of tooth enamel) is an inevitable result of fluoridation. The evidence reveals that the large numbers of the population may be affected, and with varying degrees of damage.

"Fluoride is toxic when added to the water and is intended to remain in undiminished potency when it reaches the consumer . . . "The introduction of fluoridation imposes an extraordinary factor of lifelong risk associated with the water supply to which the consumer was not previously subjected . . ."

Easter eggs at St Lucy's

The Holy Names Society of St. Lucy's Church is sponsoring their third annual Easter Egg Hunt for children of the area Saturday, April 9, at 11 a.m. on the parish grounds.

Last year over 3,600 children participated. Terry Brittain is chairman.

LOOKING FOR EGGS--Here is a view of the hundreds of children from this area who hunted for Easter Eggs on the grounds of St. Lucy's Church last Easter. It is expected that even more will turn out for this year's hunt which will be staged next Saturday, April 9 at 11 a.m. Many prizes will be given away through the courtesy of Campbell merchants.

FUTURE FARMERS--Here are the award winners in the annual Wells Fargo Bank farm program competition from the Campbell-Westmont chapter of Future Farmers. Left to right: Bob Kirk, gold award; Mike McCalister, Don Pappas, Bob Pinney, Steve Ryan, silver awards.

AWARD WINNERS--Camden-Leigh chapter winners in the Wells Fargo farm program competition. Left to right, Mel Kiskum, Doug Mayfield, gold awards; Mike Racette, Larry Shepard, silver awards.

Wells Fargo Bank presents annual Future Farmer awards

Forty-six Future Farmers of America from 10 school chapters in the Santa Clara section including 13 from the Campbell Union High School District, received gold and silver awards Thursday, March 31, climaxing the 1966 Farm Program Competition sponsored by Wells Fargo Bank.

Campbell High School District winners were:

Campbell-Westmont chapter: Bob Kirk, gold award: Mike McCalister, Don Pappas, Bob Pinney and Steve Ryan, silver awards.

Blackford-Del Mar chapter: Robert Bast, Phil Jordan and Tom Long, gold awards; Sal DiSalvo, silver award.

Camden-Leigh chapter: Mel Fiskum, Doug Mayfield, gold awards; Mike Racette, Larry Shepard, silver awards.

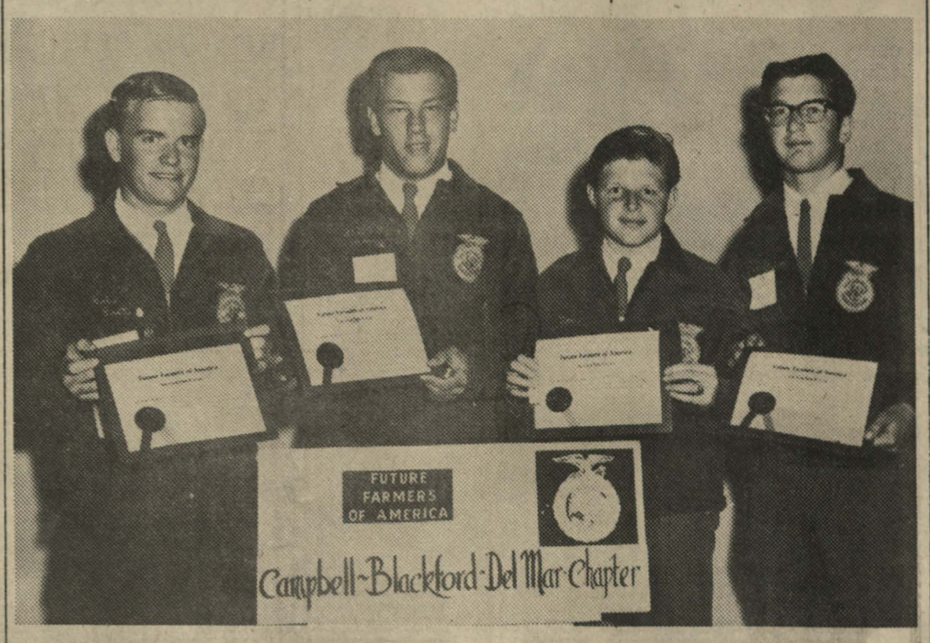
Presentation of the coveted annual awards was made at a banquet at the Hotel St. Claire by Ralph Gilman, San Jose main office, Wells Fargo Bank, and Herman Rickard, dairy department, California State Polytechnic College. The two served as project judges in the final round of competition.

Walter J. Grierson, vice president and manager of Wells Fargo's San Jose main office, served as host and Vernon C. Gillott, manager at the Bank's Gilroy office, was master of ceremonies.

"The Revolution for Mechanized Harvesting" was the featured talk given by Charles Scimeca, a Future Farmer from the Abraham Lincoln chapter. Al Zuger, San Jose chapter, gave the invocation. Musical entertainment was provided by The Kenny Burt Family.

Each contestant went through preliminary judging at his local high school before proceeding to the sectional competition against Future Farmers from other schools. Winners attending last night's ceremonies received either a gold or silver certificate and a gift from the Bank.

The basis of the unique competitive program is a supervised farm project which each boy must complete during his high school years as a requirement of vocational agriculture and of membership in the Future Farmers. Spanning the entire field of agriculture, the projects also call for training and knowledge in farm mechanics, record keeping and use of bank credit.



TOP FARMERS--Winners of the awards in the Wells Fargo annual farm program competition from the Blackford-Del Mar chapters of Future Farmers. Left to right, Robert Bast, Phil Jordan, Tom Long, gold awards; Sal DiSalvo, silver award.

Developed in cooperation with the State Bureau of Agricultural Education, the 72 participating high schools in northern and central California, and the Future Farmers of America, the Wells Fargo sponsored program involves approximately 4,200 students.

Tax election is successful

The voters of the Cambrian School District gave strong approval of the proposed $2.50 tax rate at the March 29 election. The final vote was 1,732 YES - and 1,007 NO. These figures represent a 28% voter turnout. 63% of the votes were cast in favor of the issue. A simple majority was required for passage. The issue was successful in each of the eight precincts.

District officials expressed appreciation for the work done by the Cambrian Citizen's Finance Committee, the Cambrian Citizen's Committee for Better Education, the Cambrian Faculty Association, and the many interested citizens who assisted in the campaign.

The new rate will enable the district to continue its present educational program, staff, equip, and supply the Houge Intermediate School scheduled for opening next fall, and the Bachmann Elementary School projected for '68-'69.

IS COMPULSORY FLUORIDATION ANOTHER MEDICAL MISTAKE?

BRITISH JOURNAL OF RADIOLOGY, Vol. 36, 1963: "Ingestion of fluorine from an early age does not appear to give rise to serious clinical symptoms until the patient has reached adult life . . . the onset of pain and stiffness in the spine, sometimes in hips and knees, leads to X-ray investigation and discovery of the bone changes."

IODIZATION

Some years ago, public health officials were promoting "iodization" — the addition of iodine to public water supplies to prevent goiter. After disastrous side effects developed, the practice and its promoters were repudiated and iodine was made available in table salt instead, so that it would not have to be taken by those who do not wish it or who might be harmed by it.

STILBESTROL

Stilbestrol, once assumed by the U. S. Food and Drug Administration to be a safe, economical and effective means of caponizing poultry, has only recently been recognized as a cancer-causing agent, even when present in minute concentrations. Its use by poultry growers is now prohibited by law.

LITHIUM

Shortly after World War II, deaths from kidney damage were finally traced to a salt substitute which contained lithium. This product had been widely used and prescribed by physicians for their heart patients for a number of years. No one realized that lithium, taken in trace amounts, was really a cumulative poison, until the deaths began to occur. Lithium, like fluoride, occurs naturally in many water supplies, yet it is now clear that it could hardly be thought of as a "harmless mineral nutrient."

THALIDOMIDE

Over 5,000 deformed human beings are the result of the use of a tranquilizing drug prescribed for women by their physicians during pregnancy. Pre-testing on animals had failed to reveal thalidomide's tragic potentials. Had thalidomide, like fluoride, been cumulative in the system and had its damage been slow in developing, its relationship to the malformed children might still remain unrecognized.

RADIUM SALTS

Forty years ago, the medical "experts" were advocating the addition of radium salts to public water supplies. They said that radium was an element naturally found in water, and therefore the addition of greater quantities was simply a matter of "adjusting the level" to optimum for health.

The chemical was added to water in only a few places. That it was done at all was one of those dreadful mistakes the medical profession would now like to forget.

A July 1965 press release from the University of Chicago warns physicians to be alert for cases of bone disease caused by administration of radium salts from 1910 to 1930 to thousands of people in this country. Will a similar alert be sounded years from now as a result of bone damage to the population from drinking fluoridated water?

WHO GUARANTEES THE SAFETY OF FLUORIDATION?

Who Will Be Responsible For Another Medical Mistake?

No doctor, no dentist, no public health agency, no councilman, no JayCee member-- will indemnify you in case of injury to you or a member of your family from the long-term use of fluoridated water. Endorsements without responsibility are hollow and meaningless.

COUNTY MEDICAL OFFICER STATES VOLUNTARY POLIO PROGRAM A SUCCESS.

WHY NOT TRY VOLUNTARY FLUORIDE PILL PROGRAM?

VOTE NO COMPULSORY FLUORIDATION APRIL 12th

VALLEY PROGRESS REVIEW

Valley Progress Review is a series of informative articles about progressive individuals and firms well serving the interest of our community and contributing to the phenomenal growth of the Santa Clara Valley. No person writes of his own business. Every article is prepared by Ed Beck, special writer who contracts for this space. Beck is solely responsible for the content and placement. For information regarding this feature, please call Beck at 246-0675.

IMPERIAL GLASS CO.

Mac McClausand

When the situation calls for just about anything in glass, the gentleman to contact is Mac McCausland, owner and operator of Imperial Glass Co. at 2420 Winchester Blvd. in Campbell.

The shop specializes in auto and window glass, mirrors, furniture tops, patio doors, shower doors and tub enclosures. Insurance work is invited, and as a special service to customers free pick-up and delivery is provided and courtesy cars are available for those requiring auto glass work.

You'll discover that doing business with Mr. McCausland and his Imperial Glass Co. is always a pleasure because they are experts in the glass line and are well qualified to offer the kind of advice and workmanship that can be relied upon.

Not only is Mr. McCausland well regarded in the community for his business integrity, but he is also to be complimented for his community activities as demonstrated by his leadership as president of the Campbell Optimists Club.

★

BILL BUCHHOLTZ CHEVRON SERVICE

Bill Buchholtz

One of the more prominent service station operations, and one that is winning the plaudits of the motoring public is the Bill Buchholtz Chevron Station at 535 W. Hamilton Avenue. No sooner does a motorist pull into the Buchholtz Chevron than he is greeted with a smile and in a friendly and helpful manner have all his motoring needs attended to. Everything from the famed Chevron gasoline in the tank to the checking of the under-the-hood points, proper tire inflation and the cleaning of glass is cheerfully and expediently attended to by the courteous staff.

Bill Buchholtz also maintains an outstanding mechanical department which specializes in lube jobs which closely follow factory specified grease charts to catch all the points of wear. It is in this department also, where top flight mechanics use an Electronic Dyna-Vision machine to achieve the ultimate in motor tune-ups. Other facilities offered are expert brake work as well as starter and generator service.

A top flight service station operator with a reputation for dependability and efficiency, Bill Buchholtz is rapidly gaining favor with his customers.

★

CARPETMASTER

Among those firms which has won approval as well as the laudation of their customers is Carpetmaster, Santa Clara County's leading wall to wall carpet cleaning specialist. From his advent in business, owner Dick Creswell based his philosophy on integrity, dependability and efficiency along with complete customer satisfaction.

Carpetmaster uses the latest approved methods which include power vacuuming and pre-spotting prior to the actual shampooing. Upon completion of the shampooing the pile is fluffed up and the color revived to make the carpeting appear and feel as new. For the loose rugs and upholstered furniture, which is taken into the plant for cleaning, the same painstaking attention to detail is followed. Additional facilities offered are mothproofing, dyeing and repairing. Free estimates and advice is available on any of this work by telephone at 253-7470.

Owner Dick Creswell is constantly on the move from his offices at 1151 Creekwood Drive, personally supervising and conducting all work undertaken by his firm. He has proven himself as an outstanding individual in both the business and civic affairs of the community and has earned the success his Carpetmaster enjoys.

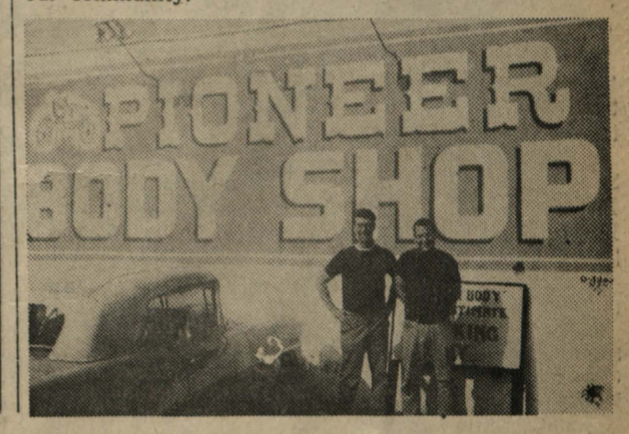
★

PIONEER BODY SHOP

A firm that is rapidly ascending the ladder to leadership in its field is Pioneer Body Shop, whose completely equipped plant is located at 60 Sunnyoaks Avenue, just across from Winchester Drive-in Theatre. Under the capable proprietorship of Tom Allsup, Pioneer Body Shop is establishing a reputation for top flight workmanship at reasonable prices along with a record of complete customer satisfaction.

Tom Allsup has surrounded himself with a staff of the most capable metal workers and painters available. Thus it is that complete and unexecelled collision facilities are available to the customers of his shop. Everything from minor dents to major body and frame rebuilding is expertly done and then the job is completed with factory matched paints. When the car is returned, it looks and drives as it did before the accident. Towing service and the use of courtesy cars are among the other features offered by Pioneer.

It should be of supreme satisfaction to know that your car is in the hands of competent technicians as it is at Pioneer Body Shop, and it should be noted that although the firm stresses quality rather than price as a means of getting jobs, all work done is at competitive prices. Mr. Allsup is to be commended upon his policies of operation just as he is for the role he plays as a private citizen of our community.



BEFORE PERFORMING: San Tomas School faculty members gather before presenting their special number, "Admiral Fischer's School Biz Navy". Back row, left to right, Joe Raco; Mrs. Isobel Seeley; Mrs. Leota McDonald; Miss Frances Boden. Front row: Mrs. Jenine Willsrud; Mrs. Dolores Soso; Mrs. Jan Krocker.

ON STAGE--Faculty members of San Tomas take the stage in their hit number.

SAMSON WAY SINGERS.....

San Tomas PTA presents 10th annual
San Tomas Follies

Once a year vaudeville returns to San Tomas.

And this year was no exception when the PTA presented the 10th annual "San Tomas Follies".

For two nights recently an overflow crowd jammed the cafetorium of the school to enjoy the fast-moving program which featured dancing, singing and some novelty acts that defy description. Faculty and parents took featured roles in the Follies which during the 10 years of its existence has provided both fun and funds for San Tomas PTA members.

On this page are pictured some of the acts that did much to make the 1966 version such a howling success.

The theme of this year's show was "Pier '66".

After the performances, those attending enjoyed dancing to the music of "Admiral Jack" and his "Seasick Seven", an ensemble that provided the musical background for the entire evening.

PACKED HOUSE ENJOYS SHOW..

"VIVACIOUS" DOT VIERRA

"SAUCY SARA' FISCHER

"VIVACIOUS" again

SAN TOMAS WHISTLERS-------'nuff said

MC--Responsible for keeping the show moving was Jim St. Germaine, who has handled the master of ceremonies for the last six San Tomas Follies.

THE ADMIRAL--Jack Fischer, principal of San Tomas School since 1953, and a former professional pianist, provided one of the highlights of the 1966 Follies with his performance at the keys, both as an accompanist and soloist.

LEGAL NOTICE

STATE OF CALIFORNIA
TRANSPORTATION AGENCY
DEPARTMENT OF PUBLIC WORKS
DIVISION OF HIGHWAYS
NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of the State Highway Engineer, Room 5101, Public Works Building, Sacramento, California, until 2 o'clock p. m. on April 27, 1966, at which time they will be publicly opened and read in the Assembly Room of said building, for construction on State highway in accordance with the specifications therefor, to which special reference is made, as follows:

Santa Clara County, in Campbell and San Jose, at Westfield Avenue-Downing Avenue (04-SC1-17-13.1), a pedestrian overcrossing to be constructed and lighting to be installed.

Bids are required for the entire work described herein.

Plans, specifications, and proposal forms to be used for bidding on this project can only be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California.

Plans and specifications may be seen at the office of the State Highway Engineer at Sacramento, at the offices of the District Engineers at Los Angeles and San Francisco, and at the office of the District Engineer of the district in which the work is situated.

No bid will be considered unless it is made on a blank form furnished by the State Highway Engineer and is made in accordance with the provisions of the Standard Specifications and special provisions. Each bidder must be licensed as required by law.

The Department of Public Works reserves the right to reject any or all bids.

Abbreviations used in the schedule of predetermined wage rates in conjunction with employer payments listed in the right hand columns are identified as follows:

ph	per hour
phw	per hour worked
php	per hour paid
phw/p	per hour worked or paid
psth	per straight time hour
psthw	per straight time hour worked
psthp	per straight time hour paid
psthw/p	per straight time hour worked or paid
pd	per day
pdw	per day worked
pdp	per day paid
pdw/p	per day worked or paid
w	wage
gw	gross wage
tw	total wage
pmd	per man day

Employer payments other than those itemized herein, as defined in Section 1773.1 of the Labor Code, are to be paid in accordance with the terms of the collective bargaining agreement applicable to the type or classification of the workmen or mechanics employed on the project.

Overtime, Sundays and Holidays--not less than one and one-half (1 1/2) times the basic hourly rate plus applicable employer payments. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workman employed on the project.

Copies of all collective bargaining agreements relating to the work as set forth in the aforementioned Labor Code are on file and available for inspection in the office of the Department of Industrial Relations, Division of Labor Statistics and Research.

Attention is directed to Section 7-1.01G of the Standard Specifications providing for employment of apprentices on the work. Every such apprentice shall be paid the standard wage paid to apprentices under the regulations of the trade at which he is employed. Information relative to employment of apprentices shall be obtained from the Director of the Department of Industrial Relations, who is the Administrative Officer of the California Apprenticeship Council.

Pursuant to the provisions of Section 1770 of the Labor Code of the State of California, the Department of Public Works has ascertained the general prevailing rate of wages and employer payments for health and welfare, vacation, pension and similar purposes in the county in which the work is to be done to be as follows:
